

Drew A. Varnado, Ph.D.

Drew Varnado, a native of south Louisiana, attended Millsaps College in Jackson, MS where he studied Mathematics and Economics. From there he began graduate work at Louisiana State University where he finished his Ph.D. in Agricultural Economics with a focus in Rural Economic Development. A post-doctorate appointment under his advisor, Dr. Matt Fannin, at LSU was quickly followed by a position on IMPLAN's Data and Economics team as a Regional Economist and International Data Specialist focusing on custom data projects, international I/O models, and product development. Varnado currently resides in Charlotte, NC with his wife and two sons.
